DRI-FIT 

TIEMPO PREMIER JERSEY

Men's Nike Tiempo Premier Football Jersey with short-sleeves brings you the cool performance of Dri-FIT technology and a mesh back panel for extreme comfort on the pitch. The front panel graphic is embossed for subtle style.

- › Dri-FIT technology helps you stay dry and comfortable.
- › Front panel graphic is embossed for subtle style.
- › Mesh back panel provides additional breathability.
- › Ribbed V-neck collar provides a versatile fit.
- › Raglan sleeves eliminate the shoulder seam to allow a natural range of motion.
- › Contrast-colored side stripes provide an iconic Nike Football look.
- › Fabric: 100% polyester.

INTER STRIPE JERSEY

Men's Nike Football Jersey combines a classic vertical stripe look with a streamlined fit. Its raglan sleeves leave your arms free to move, and Dri-FIT technology throughout wicks sweat away from your body while you play.

- › Slim fit and raglan sleeves provide a streamlined look.
- › Vertical stripes are dyed into the yarn for long-lasting vibrancy.
- › Ribbed fabric on the sleeves flexes for a close, non-restrictive fit.
- › Woven Nike Football jock tag is stitched down on the left hem.
- › Fabric: 100% polyester.

 - › Up to 5,000 mm of water pressure.
 - › Up to 10,000 mm of water pressure.
 - › Up to 20,000 mm of water pressure.

WASH INSTRUCTIONS

Care instructions for Nike Team Sports apparel product

Care for jerseys promptly. The sooner you pre-treat and launder the stained clothes, the better your results will be. Don't allow mud or stains to set. Do not leave wet or dirty jerseys in football or gym bags, where smells and permanent stains can develop.

If a stain is not removed in washing:

1. Do not dry it. Dryer heat will set the stain.
2. Soak the stain in a pre-wash. In the case of severe staining it may be necessary to apply a stain remover directly to the affected area. Then launder again.
3. Do not dry a garment until the stain is removed because dryer heat will set the stain.

Once stain is removed launder as per usual custom.

Care Definitions

Pre-treat heavily soiled spots: Apply undiluted laundry detergent with a bleach alternative.

Pre-soak heavy stains: Soak stained items in a plastic bucket or laundry tub with the warmest water safe for the fabric and a good laundry detergent for one to three hours. Sensitive stains should be rinsed in cold water, and then washed with a non-chlorine bleach product.

Pre-wash: Used for heavily soiled garments. Run through the pre-wash cycle with the recommended amount of detergent. When wash cycle is complete, drain the pre-wash solution and launder in the hottest water recommended by the manufacturer.

Please check the washing instructions on the garment.
